

JOINING JUBILEE

Becoming part of Jubilee Church involves three things:

1. A leading from Jesus that Jubilee may be the right church for you and your family.
2. Spending time with members of the Jubilee eldership confirming that you agree with our direction, vision, values and beliefs. Attendance at an Exploring Jubilee event is a key part of this.
3. If you have come from another church, ensuring that you have no unresolved issues with previous church leadership or members. Or for new Christians, you might be encouraged to attend Alpha or another course to help understand more about what it means to be part of a church family and a follower of Jesus.

There is no test to pass, and we don't expect you to be the perfect Christian! We're all on a journey, and joining Jubilee Church Maidstone is about making sure you're signing up to the team that's right for you and starting your walk with our church family in the best possible way.

If you think Jubilee is the right place to continue your journey, please speak to your home group leader or one of the elders about attending the next Exploring Jubilee event.
